

Datasheet: 640005

| Description:  | SHEEP ANTI FITC:HRP        |  |
|---------------|----------------------------|--|
| Specificity:  | FITC                       |  |
| Other names:  | FLUORESCEIN ISOTHIOCYANATE |  |
| Format:       | HRP                        |  |
| Product Type: | Polyclonal Antibody        |  |
| Isotype:      | Polyclonal IgG             |  |
| Quantity:     | 1 ml                       |  |

# **Product Details**

#### **Applications**

This product has been reported to work in the following applications. This information is derived from testing within our laboratories, peer-reviewed publications or personal communications from the originators. Please refer to references indicated for further information. For general protocol recommendations, please visit www.bio-rad-antibodies.com/protocols.

|                            | Yes | No | Not Determined | Suggested Dilution |
|----------------------------|-----|----|----------------|--------------------|
| Immunohistology - Frozen   |     |    | •              |                    |
| Immunohistology - Paraffin |     |    |                |                    |
| ELISA                      | -   |    |                | 1/4000 - 1/8000    |
| Western Blotting           |     |    |                |                    |

Where this product has not been tested for use in a particular technique this does not necessarily exclude its use in such procedures. Suggested working dilutions are given as a guide only. It is recommended that the user titrates the product for use in their own system using appropriate negative/positive controls.

| Target Species | Chemical   |  |
|----------------|--|--|
| Product Form   | Purified IgG conjugated to Horseradish Peroxidase (HRP) - liquid       |  |
| Preparation    | Purified IgG was prepared from whole serum by affinity chromatography. |  |

Antiserum Preparation Antiserum to was raised by repeated immunisation of sheep with highly purified antigen.

| Buffer Solution             | Phosphate buffered saline  |
|-----------------------------|--|
| Preservative<br>Stabilisers | 50% Glycerol   |
| Immunogen                   | Fluorescein isothiocyanate (isomer 1).   |
| Specificity                 | Sheep anti FITC antibody recognizes the fluorochrome Fluorescein Isothiocyanate (FITC). This reagent may be useful for amplification of staining using FITC conjugated reagents. |
